

About OAC

Actuarial and financial services consultancy

OAC are a dedicated team of leading actuaries and financial services consultancy experts who have been helping firms and individuals with their finance and actuarial needs for over 20 years.

Our comprehensive range of solutions and services has been designed to meet the most complex of business challenges. Drawing upon our vast experience, we offer the insight and necessary leadership to deal with the issues that affect your business.

We pride ourselves on delivering to your objectives and in a way you like to work, which is achieved by selecting the right team of experts who will be with you every step of the process. Our flexibility means we can work in a variety of ways, such as on a one-to-one basis, or as an extension of your team, or taking the challenge away completely by delivering an outsourced solution. Whichever approach suits your requirements, you can be confident you'll be in safe hands from start to finish.

OAC is proud to be recognised and accredited for its professional services under the Quality Assurance Scheme from the Institute and Faculty of Actuaries. OAC is committed to always achieving the highest standards. Excellence is at the centre of everything we do.

Our success is much more than helping firms overcome their issues and challenges. It's about building genuine relationships, based on trust and personal, bespoke support. In our complex and volatile world of financial services, we have found that this approach goes a long way.

Actuarial services

We offer a wide range of actuarial services, skills and support, which includes strategic, risk and capital management reviews, independent expert, Chief Actuary, reviewing actuary, regulatory valuation and product development.

Governance, risk and compliance

Reliable compliance and regulation practice is absolutely vital. Our experts have the knowledge of corporate governance and risk management to make sure no procedure is overlooked.

Redress calculations

We have the expertise needed for carrying out a wide range of complex actuarial and redress calculations. From large scale Regulator led business reviews to single calculations resulting from an investor complaint or a decision by the Financial Ombudsman Service, we can help take the work and pressure off your hands.

Expert witness

Acting in litigation and disciplinary proceedings where there are issues of an actuarial or regulatory nature, our experts provide the necessary advice to resolve any conflict.

Software

From financial modelling and redress calculations software through to our governance and risk management systems, we've developed a range of software solutions which complement the professional services we offer.
